We are OstroVit

## Our MISSION

We produce the highest quality dietary supplements and dietary foods in Poland. For over 10 years, our brand has gained a lot of fans, our products are sold in over 40 countries around the world. We are convinced that each capsule, tablet or measure of our product is the best advertisement.

We strive to meet the consumer requirements of both athletes and people who care about their health. Constantly changing for you, we strive for excellence!

### OstroVit products

## Simple production rules

### Products that work

Our priority is to create products that will meet the expectations of customers: they will help achieve the goal by supplementing the diet.

### Proven composition

We test our products in independent and accredited laboratories. Thanks to this, you can be sure that the composition complies with the declaration on the label.

### Best prices

Every day we monitor prices to our offer was the most competitive. We are characterized by an excellent value for money.

### OstroVit products

## They are made for everyone

It does not matter whether you train strength, endurance sports or exercise recreationally. It does not matter if you want to support your physical struggles or simply diversify your diet. We create our product portfolio in such a way that everyone can find something for themselves.
